COATS
dual duty

POLYESTER
CORESPUN WITH
COTTON WRAP

Product Information

www.coats.com

Coats *dual duty* is a top quality corespun thread that combines a high tenacity polyester filament core with a natural cotton cover. The filament core offers excellent strength and durability, while the long staple cotton wrap ensures excellent sewing performance and protects the core from needle heat.

Main Uses:

- Fine cotton, denim shirts and suits
- Fine fabrics and premium lingerie
- Leather goods, towels and home furnishings
- Classic jeans and outdoor wear

Features and Benefits:

- Coats *dual duty* is a high-tech corespun thread that combines the tenacity and strength of a polyester filament core with a cotton wrap, delivering excellent sewing performance in the most demanding applications
- Special lubricants ensure smooth, trouble-free sewing
- Cotton wrap protects the polyester core from needle heat and high ironing temperatures
- Strong polyester filament core allows the use of finer thread sizes improving seam appearance without compromising seam strength
- Extensive colour range
- Certified to Öko-Tex Standard 100, class 1, the most stringent class covering babywear
- Excellent wash-down characteristics make Coats *dual duty* ideal for jeans
- Outstanding abrasion resistance for demanding jeans and workwear applications

World of Coats

- Coats has been the world's leading thread company for over 200 years and is the only truly global thread supplier.
- With manufacturing plants in over 40 locations and sales and distribution in more than 60 countries, Coats is uniquely placed to serve your thread needs anywhere in the world.
- Our state of the art colour communications management system, Coats ColourTalk®, enables exact sample matching and colour approval almost instantaneously between our locations around the globe.

One colour range. One specification. Worldwide.

Coats operates to a global specification for Coats *dual duty* with quality audited by one centrally located team.
